

New Medicare Card

Information for Partners & Stakeholders

January 2018

Background

- The Health Insurance Claim Number (HICN) is a Medicare beneficiary's identification number, used for processing claims and determining eligibility for services across multiple entities (e.g., Social Security Administration (SSA), Railroad Retirement Board (RRB), States, Medicare providers & health plans)
- The Medicare Access and CHIP Reauthorization Act (MACRA) of 2015 requires removal of the Social Security Number (SSN)-based HICN from Medicare cards to address current risk of beneficiary medical identity theft
- MACRA requires that CMS mail out new Medicare cards with a new Medicare Number by April 2019
- The new Medicare numbers won't change Medicare benefits. People with Medicare can start using their new Medicare cards right away.

Important: Your new Medicare card is inside.

Why am I getting a new Medicare card?
Medicare is required by law to take Social Security Numbers off of Medicare cards. This will help keep your personal information more secure and help protect your identity. Your new Medicare card now has a new number that's unique to you, instead of a Social Security Number. This new number is used only for your Medicare coverage.

What do I need to do?

- **Securely destroy your old Medicare card.**
Protect yourself by making sure no one can get your personal information from your old Medicare card.
- **Start using your new Medicare card.**
You can start using your new Medicare card right away. Use it the same way you used your old card. The new card **doesn't** change your Medicare coverage or benefits. Doctors, other health care providers, and plans approved by Medicare know that Medicare is replacing your old card. They are ready to accept your new card the next time you need care.

Have other coverage like a Medicare Advantage Plan, Prescription Drug Plan, or Medicaid?
Your new Medicare card doesn't replace the card that you use from your plan. You'll still use your existing plan card when you get care or prescriptions. You'll need this new Medicare card if you want to join, leave, or switch to a different plan. You also may be asked to show your new Medicare card if you need hospital services.

Where can I get more information?
To get more information about your new Medicare card or if you have questions about Medicare, visit [Medicare.gov](https://www.medicare.gov) or call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

You have the right to get Medicare information in an accessible format, like large print, Braille, or audio. You also have the right to file a complaint if you feel you've been discriminated against. Importante: Aquí está su nueva tarjeta de Medicare.

¿Por qué estoy recibiendo una nueva tarjeta de Medicare?
La ley requiere que Medicare elimine los números del Seguro Social de sus tarjetas. Esto ayudará a mantener su información más segura y protegerá su identidad. Su tarjeta de Medicare ahora tiene un nuevo número, exclusivo para usted, en lugar de su número del Seguro Social. Este nuevo número sólo se usará para la cobertura de Medicare.

¿Qué debo hacer?

- **Destruya de manera segura su tarjeta anterior de Medicare.**
Protéjase asegurándose de que ninguna otra persona pueda obtener su información personal de la tarjeta anterior.
- **Comience a usar su nueva tarjeta de Medicare.**
Puede comenzar a utilizar su nueva tarjeta de Medicare inmediatamente. Úsela de la misma forma en que utilizó su tarjeta anterior. La nueva tarjeta **no** cambia su cobertura o beneficios de Medicare. Los médicos, al igual que otros profesionales de la salud y planes aprobados por Medicare, saben que Medicare está reemplazando las tarjetas. Ellos están dispuestos a aceptar su nueva tarjeta la próxima vez que necesite atención médica.

¿Tiene otra cobertura como un Plan Medicare Advantage, Plan de Medicamentos Recetados o Medicaid?
Su nueva tarjeta de Medicare no reemplaza su tarjeta del plan. Usted seguirá usando su tarjeta actual del plan cuando reciba atención o recetas médicas. Mantenga esta tarjeta oficial de Medicare en algún lugar seguro y destruya su tarjeta roja, blanca y azul de Medicare, como indicado anteriormente. Necesitará su nueva tarjeta de Medicare si desea inscribirse, cancelar o cambiar de plan.

¿Dónde puedo obtener más información?
Para obtener más información sobre su nueva tarjeta de Medicare o si tiene alguna pregunta, visite [Medicare.gov](https://www.medicare.gov) o llame al 1-800-MEDICARE (1-800-633-4227). Los usuarios de TTY pueden llamar al 1-877-486-2048.

10 things to know about your new Medicare card

Medicare is mailing new Medicare cards starting in April 2018. Here are 10 things to know about your new Medicare card:

- 1. Mailing takes time:** Your card may arrive at a different time than your friend's or neighbor's.
- 2. Destroy your old Medicare card:** Once you get your new Medicare card, destroy your old Medicare card and start using your new card right away.
- 3. Guard your card:** Only give your new Medicare Number to doctors, pharmacists, other health care providers, your insurers, or people you trust to work with Medicare on your behalf.
- 4. Your Medicare Number is unique:** Your card has a new number instead of your Social Security Number. This new number is unique to you.
- 5. Your new card is paper:** Paper cards are easier for many providers to use and copy, and they save taxpayers a lot of money. Plus, you can print your own replacement card if you need one!
- 6. Keep your new card with you:** Carry your new card and show it to your health care providers when you need care.
- 7. Your doctor knows it's coming:** Doctors, other health care facilities and providers will ask for your new Medicare card when you need care.
- 8. You can find your number:** If you forget your new card, you, your doctor or other health care provider may be able to look up your Medicare Number online.
- 9. Keep your Medicare Advantage Card:** If you're in a Medicare Advantage Plan (like an HMO or PPO), your Medicare Advantage Plan ID card is your main card for Medicare – you should still keep and use it whenever you need care. However, you also may be asked to show your new Medicare card, so you should carry this card too.
- 10. Help is available:** If you don't get your new Medicare card by April 2019, call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.
